

# Settings

Admin Page: **Addons > Social Connect > Settings**

On this page you will find various settings specific to the Social Connect addon.

## Facebook App/Site Settings

Settings in this section are specific to the Facebook app.

### Facebook App ID

This is the App ID that corresponds to the Facebook app for your website. Follow the instructions on [Social Connect Addon \(AKA Facebook Connect\)](#) to set up your own Facebook app. If you already have the Facebook App set up for your site, you can find the App ID listed on the page:

<https://developers.facebook.com/apps>

### Facebook App Secret

This is the App Secret that corresponds to the Facebook app for your website. Follow the instructions on [Social Connect Addon \(AKA Facebook Connect\)](#) to set up your own Facebook app. If you already have the Facebook App set up for your site, you can find the App Secret listed on the page:

<https://developers.facebook.com/apps>

### Default Group

Set this to the group you want all users registered using the "login with facebook" to start out in.
