Attention Getters

Attention getters menu category: Addons > Attention Getters

The Attention getters addon allows you to up-sell your users with images that make their listing standout. You can define the prices for these in the price plans.

Once you have installed the addon:

- 1. Make sure the attention getters shown are the ones you wish to use on your system.
- 2. Make sure the attention getters are turned on within the **LISTING SETUP > LISTING EXTRAS** admin tool.
- 3. Turn the use of the attention getter within the price plans you wish to allow clients of to purchase them while setting the price for that feature.
