2025/11/22 21:21 1/1 Debugging Logger

Debugging Logger

The Debugging Logger Addon is used by support and developers for troubleshooting purposes.

Please leave this Addon set to "disabled" by default, as this is a "Logging" Addon. As with all "Logging" Addons, it can slow down your site. Again, this Addon should be set to "enabled" by a developer for troubleshooting purposes only.

For specific instructions on how to use this Addon, please contact our Support Team.
