

Edit Text [S]

This page allows you to edit text that might be used by a specific addon, on a per language basis.

Text for Storefront Addon	
For English Language	
Title column header	<input type="text" value="Title"/>
Reset to Default	
Logo column header	<input type="text"/>
Reset to Default	
Item total column header	<input type="text" value="Items"/>
Reset to Default	
Description column header	<input type="text" value="Description"/>
Reset to Default	
City column header	<input type="text" value="City"/>
Reset to Default	
State column header	<input type="text" value="State"/>

There will be a different section for every language you have defined on your site.

Once you change a particular text field, you can change it back to the default setting by clicking on the *Reset to Default* link.

Once you have made the changes needed, at the bottom of the page click the **Save Text Changes** button.
