Listing Placement Steps

Admin Menu: Listing Setup > Listing Placement Steps

This page **Added in Version 7.2.0**

This page controls how the listing steps work, allowing some or all of them to be combined. This page will be divided into one or more sections, each section for the main listing type (one for classified ads, one section for auctions). You will be able to control how the listing steps work for that type of listing.

This support wiki content has been moved to listing placement steps page here
