

View Order Item [S]

This page will display an order item's information. Depending on the order item *type*, additional information may be displayed in the *More Details* section on this page.

Note: If you are going to be activating and de-activating the same order item multiple times, you can "un-check" the **Send E-Mail Notifications** checkbox to prevent multiple e-mails to be sent.

When the **Send E-Mail Notifications** box is checked, it only sends those e-mail notices that are "turned on" as per the [E-Mail Setup > Notification E-Mail Settings](#) page in your admin.
