How this Software Works

The intent of this section is to help you, as the administrator, to have a clearer understanding of how the software operates, and how it can help you to create a World-Class Listings website. There are several topics in this section that we have specifically chosen to cover due to their complexity. A clear understanding to how each of these works and interrelates with the other is a necessity for you to set up your site in a minimal amount of time. If you do not read anything else in this manual, please read the entire How this Software Works section. You will save yourself valuable time in the long run. The main topics we will cover in this section are:

- Pages, Templates, and Modules Relationship
- User Groups and Price Plans Relationship
- Extra Questions and Fields

- Old: Anonymous Listings Addon New: Anonymous Classified Ads
- Old: Bulk Uploader New: Bulk Uploader
